WASATCH MOUNTAIN CLUB RELEASE FORM

The big news this month is the new RELEASE FORM (attached below) which will be used on all Club activities (well... maybe not socials and parties). The purpose of this release is to protect ourselves and our organization from liability, or, more bluntly, law suits. We all know that almost everything we do involves some risks, but only the boating activities have formally recognized this and required a release from liability. Now we can all have this protection. The form will appear on all membership applications and will be explained further in our General Policies. The form will not only protect us but provide the leader of each activity with a convenient list of the participants. Only those signing the forms will be considered to be participating in the activity. This includes Thursday evening hikes.

Three people were primarily responsible for the preparation of this form. Wick Miller and Andy White spearheaded the effort as an outgrowth of concerns regarding the risks of ski touring. Many thanks for your contributions! I'd particularly like to thank Jim Lee for his legal council and preparing the legally sound document from which the final form was adapted. The Club and Governing Board is most grateful.

BUILDING ESKIMO SNOWHOUSES

"Sir Leopold McClintock was one of the first, if not the first, of polar explorers to point out that snowhouses are so comfortable that their use would make arctic exploration a simpler, safer and pleasanter occupation; but he went on to say that unfortunately

WHITE MEN CANNOT MAKE THEM..."

- Stefansson, 1915
THE FRIENDLY ARCTIC
as quoted in an Off Belay reprint

We will soon set out to prove the second part of Stefansson's statement fallacious. If you've got some experience and would like to help, call me (Andy White) at 484-5158 and let me know.

If you've got no experience and would like to help, keep an eye out for details in next month's Rambler.

Some of the best laid plans of mice and men, and some mediocre ones too, never see the light of day. Our 1983 Avalanche course was only slightly more successful than that. A series of 4-step publicity failures, culminated by the Rambler spending two 3-day weekends at the printers, gave us a word of mouth turnout of only 25 or 30 people. The course had some fine additions to previous years, but failed to remind hundreds of people to be careful, so . . .

BE CAREFUL!

Call the avalanche forecast center (364-1581) before you go touring or even daily to keep abreast of developments in the snow pack.

Read. Numerous books and pamphlets are available in mountain shops that help you understand the risks as well as the rewards of being in the backcountry in the winter.

Be courageous. If it doesn't look right, no matter how many tracks are already there, don't go.

Carry the appropriate gear. A beacon (peips, skadee, ramer, etc.) will not save lives, nor will an avalanche cord. They only help find a victim. A shovel is needed to dig somebody out. Skis are for standing on, shovels are for digging. If members of the party don't have

beacons, precaution dictates probe poles be along. The Club owns some, along with a light, backpackable emergency sled kit. They are kept by the touring director and are available for any tour on which a leader would like them. Call and they are yours.

Although they are rather expensive, you might consider poles that can be adapted as probes. How expensive are they if you really need them?

Continue to be careful and enjoy outdoors in winter. A special thanks to Norm Fish and the rest of the touring committee; Mike Hendrickson, Harry Kimbrough, Ferdy de Souza, Emily Hall and Ann McDonald for carrying on in my absence.

Tips up --- Andy White

PRESIDENTS COLUMN

One more year drawing to a close for the WMC -- our 61st. We end 1982 and begin the 1983 year with our Annual Election, General Membership Meeting. This, as all the old-timers know, is the meeting for everyone. This is your chance not only to vote for the candidate of your choice for the Board of Directors, but let your Board know how YOU think the Club should be run.

The Board is considering reinstating the Public Affairs Directorship, for one thing. Would this be a good addition? Also, the Life Membership Committee will present a report on membership types. How far should we go in renovating the Lodge? Should we continue to rent it? Alexis Kelner will report on the proposed long range Lodge program. We'd like your input.

The meeting will be held as usual at the Zions Lutheran Church, 1070 Foothill Drive, but the day is different. We'll be meeting on TUESDAY, FEBRUARY 22, at 7:30 PM. Remember Washington's Birthday.

I think you'll like the entertainment program; it'll be even better than usual. With superb slides and ideas for mountaineering, it should be terrific!

Finally, I'm taking this opportunity to thank everyone for letting me serve the WMC as your President these past three years. It's been a rich experience, and I've really enjoyed it. And a special thanks to each and every Board Member for their indispensable help.

WASATCH MOUNTAIN CLUB LIFE MEMBERSHIP

Life Member designation is a privilege and recognition of service in the Wasatch Mountain Club. Payment of dues and participation in Club activities for the designated period of time are not in themselves sufficient for candidacy for Life Membership.

The following must be satisfied for Life Member candidacy:

1. Twenty-five (25) years of continuous dues paying membership in the WMC. In the case of interrupted membership, the candidate may update the dues in arrear with the approval of the Board of Directors.
2. The Life Member candidate must have satisfied one of the following:

- a. Serve as a member of the Board of Directors.
- b. Accumulated the equivalent of 100 hours in the organization and/or leadership of WMC activities and functions. The following scale will be used as a guide in the tabulation of equivalent time participation:

One-day Trip Leadership:	4 Hours
Extended Trip Leadership - Overnights (e.g., backpacks, river and ski trips):	Document Leadership Time
Participation in Work Parties:	2-5 Hours
Committee Work	Document Time Spent
Social Event Organization	Document Time Spent
Other Activities Documented by the Candidate to be Approved by the Board of Directors	

3. Life Membership is not granted automatically. The Life Member candidate must submit a written application documenting the fulfillment of requirements to the Board of Directors.

Life Membership is an individual recognition. In the case of couple-membership, each must satisfy the requirements for Life Membership individually.

Life Membership applications must be cleared by the Board of Directors and must be approved by simple majority vote of the general membership at the regular WMC General Membership Meeting.

Life Member dues will be equivalent to the existing RAMBLER subscription fees.

After approval of Life Membership it is incumbent upon that member to indicate to the WMC Membership Director her/his intention to remain on the rolls of the Club. If Life Membership is not so indicated (e.g., missed/interrupted payment of dues) the member may be reinstated into the rolls upon appropriate indication and payment of dues through the Board of Directors.
