PROSPECTIVE MEMBER INFORMATION

Applicants must attend two official WMC activities other than socials. Activities are listed in THE RAMBLER, the official publication of the Wasatch Mountain Club, published monthly by and for its members. Prospective members may receive THE RAMBLER for two months by writing the Membership Director at the above address and enclosing a check or money order for \$5.00 payable to the Wasatch Mountain Club. There is a \$10 charge for returned checks. An application is at the back of THE RAMBLER. Ask the leader of the activities to sign your form after completing the trip.

MEMBERS: If you have moved, please call the WMC office or send your new address to the Membership Director. Allow 45 days for address changes. If you did not receive your RAMBLER, contact the Membership Director to make sure your address is in the Club computer correctly.

TO SUBMIT AN ARTICLE: Articles must be typed double spaced or on a floppy disk with a hard copy, also double spaced, and received by 6:00 pm on the 15th of the month preceding publication. Drop articles off at the WMC office (Mon-Fri—8 am to 5:30 pm), in the Blue Box outside Suite 207, or mail it to WMC Rambler Editor, (office address in left hand column). Pick up disks/photos outside the WMC Office in the Red Box. Include your name and phone number on all submissions.

TO SUBMIT A PHOTO: We welcome photos of all kinds: black & white prints, color prints, and slides. Please include captions describing when and where the photo was taken, the names of the people in it, and the photographer. Photos will not be returned unless requested and accompanied by a self-addressed stamped envelope, otherwise they will be found in the Red Box outside the office door of the WMC.

WMC Purpose

(Article II of the WMC Constitution)

The purpose shall be to promote the physical and spiritual well being of its members and others by outdoor activities: to unite the energy, interests and knowledge of students, explorers and lovers of the mountains, deserts and rivers of Utah; to collect and disseminate information regarding the Rocky Mountains in behalf of science, literature and art; to explore and picture the scenic wonders of this and surrounding states; and to foster awareness of our natural areas including their plants, animal and bird life.

TWENTY FIVE YEARS AGO IN THE RAMBLER

JUNE, 1970

by Dale Green, Historian

President Del Wiens' monthly article informs the membership of the many activities relative to our 50th anniversary celebration. Primary was the signing of a proclamation by Governor Calvin Rampton commemorating the event. Attending the signing were Mr. & Mrs. Claude Stoney (Claude was a founding member), Mrs. S. Dean Green (WMC's first woman president), Noel DeNevers, Dale Green, Harold Goodro, Sally Nelson and Del Wiens. Gov. Rampton was made an honorary member and presented with a shoulder patch and *Rambler*. The Salt Lake Tribune printed a Sunday feature with a good double-spread with six of our pictures.

Many members returned a questionnaire on lodge usage. As Del W. states, "Not unexpectedly, a big problem facing the Board is the

question of the Lodge." The Board tentatively decided to try using the lodge only for Club functions and not renting it to outside groups. To make the lodge more appealing the Board considered installing a new old furnace, improved johns, and a renovated kitchen.

"Recently the Club has come under criticism - and justly so - for the way hikes have been conducted," according to an article by the hiking committee. The complaints are age-old. First, hikers turn out for hikes beyond their capabilities and then fail to keep up. Second, the faster hikers, including, too often, the leader, run on ahead leaving the rest of the group behind. [As I have said before, some things never change.]

FIFTY YEARS AGO IN THE WMC

JUNE, 1945

(From Board of Directors' Minutes)

Steve McDonald, Trips and Outings Director, has presented a questionnaire to the Board to get the membership's ideas on entertainment, trips and outings and lodge improvement. The Board also wants to use the form to find anyone willing to cook for the Club at the Lodge for \$7.00 per day (union wages).

Registration for all trips will now be made through the Transportation Director who will then notify the leaders and commissary of the number of persons registered.

The Membership Director presented three persons for new membership. Since two of them were unfamiliar to the Board, they were invited to the next trip to get acquainted. The third applicant was approved.

FROM THE HISTORIAN

Several months ago I asked if anyone knew where William and Catherine Brighton were buried. (The town of Brighton is named after William and Lake Catherine is named after his wife.) Charles Keller responded with a photograph of their tombstones taken at the Salt Lake City Cemetery. They are buried east of Central Avenue (940 East) midway between Fifth Avenue and Sixth Avenue. Contrary to the spelling on some maps and Forest Service signs, Catherine is definitely spelled with a "C" rather than "Katherine." Thank you Charles.

WMC OFFICIAL HIKING MAPS

Copies of the Official Hiking Map of the Wasatch Mountain Club ("*Hiking The Wasatch*") are available to WMC members at a discount. The retail list price for the map is \$10.00 but WMC members can buy the maps for \$8.50 (incl. sales tax) and benefit the Club as well. The maps are available for sale at the WMC Office—Mondays & Wednesdays from 9 to 2.

FRIENDS OF SUGAR HOUSE PARK

WE NEED YOUR HELP! A petition is being circulated by **Friends of Sugar House Park** asking the Sugar House Park Authority to rescind their vote allowing the construction of Highland High's home baseball field within the Park. Contact **Friends** to sign our petition. It is also available at the Sugar House Garden Center. If you can help, we need volunteers to help circulate petitions.

Plan to attend the next Sugar House Park Authority meeting. Your voice and opinion are needed. The Authority meets June 15 at the Salt Lake County Govt. Center, North Bldg., County Commission Chambers, 2001 S. State St., at 6:00 pm.

Friends of Sugar House Park exists to protect, enhance, and preserve the natural beauty of Sugar House Park and to keep the free space open to the public. **Friends** supports the historical policy of keeping the Park free of commercialism, clutter, encroachment, and politics.

June 3 (Saturday) **National Trails Day Bonneville Trail Extension** Free lunch and T-Shirt to volunteers. Must be 12 yrs. or older. Pre-register at REI.

June 6 **Climbing the Mountains of the Moon** Daniel Davidson takes his audience on a tour of the lush and unique ecosystems of this range on the Uganda/Zaire border. Daniel has climbed and traveled extensively in Africa.

June 13 **Majestic Wasatch** Stephen Lewis, of the WMC, presents a slide show on summer hiking and mountaineering, trail access, and wildlife habitat preservation in the Wasatch. Steve's special guests will be Milt Hollander and Paula Huff. Milt is a long time Wasatch Mountain Club member and senior citizen hiker. Paula is the author of "On top of Utah" and works for the Salt Lake Tribune.

June 20 **Wild Rivers of Utah** Where are Utah's best rivers for aquatic recreation? Which waterways qualify for protection under the Wild and Scenic Rivers Act? Join Zach Frankel of the Southern Utah Wilderness Alliance for an exciting slide show and discussion of Utah's wild rivers.

June 22 (Thursday) **Basic Outdoor First-Aid Class** Treatment of medical emergencies in the backcountry often is quite different from dealing with these situations in an urban environment. Instructor Steve Littlefield will cover the six basic life-saving priorities, heat and cold injuries, bites, stings, and minor soft tissue injuries in this 4 hour class. (6-10 pm) Pre-register at REI for class which costs \$20.

June 27 **Exploring Lake Powell** Learn all about Lake Powell, recreational opportunities and vacation facilities, Indian ruins and historical sites, buried treasures and environmental threats. Hugh Steele offers a spectacular slide show and expert advice for anyone headed to this popular Utah destination.

PLANETS

JUPITER is at opposition June 1 and is near the bright star Antares in Scorpius. **SATURN** and **VENUS** appear in the morning sky. **VENUS** will be joined briefly by **MERCURY** around June 19th.

OTHER NEAT STUFF

The early morning of June 9 will be the last of the series of occultations of the bright star Spica by the **MOON**. This time the moon is leading with its dark side, so that it will be easy to see the star wink out as it passes behind the dark limb about 12:40 am MDT. See the June [Sky and Telescope](#) for a good description.

PARTY FOR ARTS SAKE

The Utah Arts festival will run from June 16-21. Volunteer helpers are needed for activities such as setting up, the 5k Art Attack Run, festival functions, face painting, and striking the show. Volunteers get free admission and parking on volunteer days plus other goodies. Call the volunteer hotline (322-5912) to participate.

WMC ACTIVITIES

Only activities approved by the appropriate WMC Director can be listed in the Club Activities section of the *Rambler*. Send your proposed activity for approval to the hiking, boating, skiing, etc., director for inclusion in their activity schedule. Those activities sent directly to the *Rambler*, without approval, will not be published.

Participation in any WMC activity can be dangerous. It is your responsibility to evaluate your own preparedness and ability to safely participate in any activity.

BIKE: ROAD/MTN BIKE AND CHOO-CHOO V DURANGO, CO This ride has become so popular that it is now an annual affair. We will drive to the KOA in Cortez, CO on Friday, June 30. On Saturday, we will drive to Mesa Verde and bike to the Anasazi ruins, some of the most spectacular anywhere. This means 48 miles with 2500' of climbing. We will drive to Durango that night. On Sunday, we will take the 8:30AM train to Silverton and bike over Molas Divide and Coalbank Hill, 50 miles back to Durango (5205' descent). If you are particularly ambitious, you can bike the round trip (2387' climb out of Durango). On Monday, we will drive to Silverton, bike over Red Mountain Pass (1685' climb) and on down to Ouray (3302' descent), where there are soothing hot springs, and camp there. Finally, on Tuesday, July 4, we will drive to Telluride for the parade, ride back to Ouray, and drive home that night. We will stay in campgrounds and do group cooking. Total riding mileage for the four days is 170—mostly downhill with a tailwind. You may do shortened versions of some of the days. This is probably the most scenic paved road anywhere. Sag wagon will be provided. Total cost of the trip including train ride, food, camping, and sag will be about \$100. There will be an organizational meeting and barbecue at the house of Ralph and Donna Fisher; 7411 N Hitching Post, Summit Park, on Friday, June 2 at 7:30 PM. Bring something to barbecue and a pot luck dish. Due to the tight time constraint and the need to reserve train space, you must act quickly. Be prepared to remit a \$50 deposit at the barbecue or, contact Bob Wright (1-801-649-4194) immediately. His address for mailing deposits is 3886 Holiday Curve, Park City, UT 84060.

More details will follow in future editions of the Rambler.

LETTER TO THE EDITOR

A large thanks is overdue for several Club members from a ski tour up Mill D last December. I broke my leg coming out and the group I was with handled this disaster very well. We determined that my leg could not support weight and splinted it with my shovel. They dragged me out on a tarp. I got to a hospital quite painlessly without further complications. I am very grateful for that. The break was right at the knee joint and required reconstructive surgery. Five months after my accident, my knee is about 85% functional. My Doctor, David Garrick, believes it will be more than 95% functional. This means I'll be back skiing next year, thanks to God, Dr. Garrick, and the WMC members on the tour. I am sorry I cannot remember all the names, but thanks to Cassie, Brian, Edgar, Dale, and the others.

AFLOAT AND AFOOT IN THE SAN JUAN ISLANDS

(A Sailing Adventure)

LAST CHANCE: CAPTAIN IS SEEKING CREW FOR THIS TRIP TO THE SAN JUANS. CALL FRANK (533-9219) AND I'LL PUT YOU IN TOUCH WITH HIM.

WHAT: A flotilla of sailboats, cruising the San Juan Islands of the Pacific Northwest. Heading up the fleet organizing effort is Frank Bernard, who will be sailing his personal pocket cruiser, the Nomad. Most of the islands are two to three miles apart and we will sail during the day and spend evenings at anchor or in marinas, as well as enjoying the cultural activities of the area.

WHERE: The San Juan Islands are located about 75 miles northwest of Seattle and are the last stop prior to Canada's Vancouver Island. Cruising World magazine describes them as the premier, protected inland sailing area in the Pacific Northwest. It's a very popular tourist destination, particularly with sailors and bikers.

WHEN: Sept 2 to Sept 10 - We'll pick a 7 day period within that time frame - most likely Sunday to Saturday.

RAINFALL: About 1/2 that of Seattle. The islands are located in a "rain shadow" caused by the Olympic Mountains. They get about 20 inches per year.

CREW/CAPTAIN: Self selected to the maximum extent. You are encouraged to form your own group, but I'll have a crew list to put interested individuals in contact with one another.

BOAT SIZE: Available from small (28') to very large. It depends on the size of your group and how much you want to spend.

COSTS: The costs shown are based on current quotes from Anacortez Yacht Charters and are typical. They are only for the boat and insurance - other costs (food, drink, entertainment, shopping, transportation, etc, are highly dependent on your own tastes and choices.

3 folks on a 28 foot boat - approx \$400 each.

4 folks on a 32 foot boat - approx \$400 each.

6 folks on a 42 foot boat - approx \$400 each.

I'M INTERESTED - WHAT SHOULD I DO NOW?

1. Call me (Frank) at 533-9219. I'll send you a packet of information.
2. Sign up on the Captain/crew list. With your permission, I'll make your name and phone number available to the other folks on the list so you can find compatible people for a boat.
3. Get your own group together, hopefully with a qualified captain. If you don't have a captain, but do have a group you want to sail with, I'll try and put you together with a WMC captain, or you can hire one through the charter company.

GRAND GULCH - APRIL 27-30

by Frank Bernard, Trip Leader

Budding archaeologists and erstwhile backpackers spent the first hour of the trip trying to find each other in the parking lot at 7200 South. It did not bode well for the trip but fortunately turned out to be a non sign as far as portents go.

After the late start from Salt Lake we proceeded rapidly to the Kane Gulch Ranger Station, paid our fees and then formed a line for the last latrine - and waited and waited. Finally the line standers figured out that the bathroom was vacant (good detective work by one B. Barkey) and having taken care of that business we drove another 5 miles south to the Bullet Canyon trail head.

The hike to the camping spot was reasonably leisurely, consuming about 3 hours to cover 4 miles. We ended up camping near the Perfect Kiva ruin with plenty of room for the ten of us to spread out and a fairly large spring nearby. It was a spectacular area, with one large Anasazi ruin in an overhang above us and another two story ruin 1/4 mile down the canyon.

On Saturday we gathered up after breakfast and hiked and explored further down the canyon and into Grand Gulch. We were looking

for ruins and found enough to keep everybody satisfied. The temperatures were warm enough to make it very pleasant to wade in the stream, but not so hot that hiking was unpleasant. A nice day of poking around, looking and enjoying.

Back at camp some folks had warm showers (love those solar water heaters) and we socialized until sunset. John demonstrated Mormon Tea making and we all tried a little. After sunset 4 spiritually secure folks visited the Perfect Kiva with a candle for some communing with the spirits of the Ancient Ones. Kokopelli did not perform (it's rumored his job has something to do with fertility) but was certainly in the back of our minds.

Sunday morning we backpacked out Bullet and headed to Salt Lake. John, Debbie, Ann, Linda, Brian, Sam, Mike, Ralph, and Geri were great troopers and managed to camp well enough to satisfy the "Citizens Militia of Boulder" who were camped just upstream and who were monitoring our activities. (No kidding!) Turned out to be a great WMC backpack and exploration and if Geri hadn't kicked a cactus while scrambling up a rock to explore a ruin it would have been injury free as well.

FROM THE TRAILS ISSUES COORDINATOR

by Chris Biltoft

Trail maintenance around the Lodge will be part of the 12 August Diamond Jubilee Celebration. Activities will include brushing out and trash pickup on trails in the Brighton Area. We will also clear fallen trees along the lower portion of the old Clayton Peak trail that runs from Dog Lake to Snake Creek Pass. The trail from Dog Lake to Snake Creek and on to Clayton Peak was a popular hike before the upper portion was obliterated during construction of ski lift roads. I am negotiating with the Forest Service to re-align the upper portion of this trail. Meet by the Lodge at 9:30: **BRING** gloves and lopers or shovels. The Forest Service has cut way back on trail maintenance due to budget cuts, so the Wasatch Mountain Club must once again take the lead in keeping our trail serviceable.

FROM THE BICYCLING DIRECTOR

Are you thinking about joining us on a club ride? Please do! Let me offer a few suggestions that may help you be prepared when you do:

Start off with a ride rated "(EL)", known as elementary which is usually less than 10 miles or, "(NTD)": not too difficult, more challenging than one rated EL yet, fairly short and flat.

Generally, the rating scale is as follows:

*(NTD) = less than 40 miles and fairly flat

*(MOD) = 40-70 miles, flat to rolling terrain

*(MSD) = more than 70 miles with some climbing

Note: Significant climbing usually increases the rating; for example, a ride of less than 40 miles with some major hills would be rated (MOD).

Arrive at the starting point early to get your equipment in order, ready to roll promptly by the designated starting time. That includes tires inflated, mechanical adjustments complete, snacks and layers of clothing packed, etc.

Please stay with the group as much as you can. Don't worry if you fall behind, as your leader will inventory the group on a regular basis to prevent any serious separation of riders.

Please don't ride two or more abreast unless there is no significant vehicle traffic.

Help other cyclists avoid vehicle encounters by calling "CAR UP" or "CAR BACK".

Riders behind you will appreciate your warnings when you point down to potholes, glass, and other road hazards.

All riders must wear a helmet. It is official Club policy to deny participation to anyone without a helmet.

Attend a tire repair clinic. Keep an eye out for them, as they are scheduled and posted periodically in the Rambler.

Most of all . . . ENJOY!!!! Rick Kirkland 486-0909

FROM THE MOUNTAIN BIKING COORDINATOR

by Linda Palmer

At the time I'm writing this it's still a bit early to plan exactly where to ride in June, so if there's any question that there might be snow or mud in the area of a ride, please call the leader first to see if there are any last-minute changes.

June marks the start of the riding season in Park City. We'll lead Tuesday night rides in Park City once it gets hot down here in the valley. In addition, White Pine Touring at the base of Main Street in Park City leads four levels of rides on Thursday evenings. They start promptly at 6 pm—I'd recommend getting there a bit early, especially the first time (to leave time to read and sign their release form). Their rides are free and there's a nice range of difficulty levels—from absolute beginner to very difficult.

Here's the rating system we'll be using to estimate mountain bike trip difficulty:

NTD: Less than 10 miles round trip, less than 700 feet of elevation gain, and no significant technical aspects. Little or no mountain-biking experience needed. Gradual climbs and descents. Example: Shoreline trail.

MOD: Up to 16 miles round trip and up to 2800 feet of elevation gain. Long, gradual or short, steep climbs and descents. Rider should be able to maneuver over moderate obstacles such as rocks, small logs, sand, and streams/bridges. Some walking might be necessary. Examples: Mueller Park, Telemark Park (at Deer Valley).

MSD: Typically more than 12 miles long (round trip) and more than 2500 feet of elevation gain. Strenuous. Extended portions over rough terrain, requiring excellent physical condition and expert riding skills. Example: Wasatch Crest trail.

Things to bring? A helmet (required!), snack, water, sunscreen, sunglasses/eye protection, a spare tube and patch kit, pump, and allen wrenches. Bug repellent, a small crescent wrench, and a chain tool can also be helpful.

FROM THE MOUNTAINEERING DIRECTOR

by Kyle Williams

Well, the climbing season has started off with a ... *blizzard*. Many of the weeknight climbs have been stormed out, and the snow climbing classes were held in 2 feet of new powder. We found ourselves thinking we should ditch this ice axe stuff, and grab our powder skis. The huge volume of snow this year means that many of the hikes this year will require the use of an ice axe for safe passage. Whether you attended a class or not, please be sure and practice on a safe slope before you tackle a steep, icy slope that ends in a drop or a boulder field!. A reminder about spring avalanche conditions. If there is fresh snow, or the slope has not frozen solidly the night before, or the slope softens during the day, don't be on or under a steep slope!!! Walk away, and live to get up early another day.

I ran into an interesting statistic about climbing helmets. 100% of all climbers who have been killed while climbing said they had wished they had been wearing a helmet! Lets all learn from them and wear a helmet while climbing and belaying.

SUMMARY>>> PRACTICE— BEWARE OF AVALANCHES— WEAR A HELMET

FROM THE BOATING DIRECTOR

By Janis Huber

HIGH WATER YEAR

A good snowpack means that many rivers which haven't run will run this year. That's the good (**great**) news. The bad news is that some rivers may reach excessively high water levels. It is very important that **YOU CALL** (don't rely on only the trip leader) to find the current level of the river you are planning to run. It is also important that you are aware of the difficulty rating (given in most guidebooks) for the current level of the river. The local number for Utah Rivers is 539-1311. If you need help finding the number for out-of-state rivers please don't hesitate to call the boating director or one of the coordinators. Unfortunately, the Main Salmon Trip which was scheduled for June 10-14 has been canceled because the experience level required for the projected high water exceeded the experience level of the group. I feel this was a good decision. In addition, the Alpine Canyon Trip scheduled for July 1-2 **WILL NOT BE A FAMILY TRIP** for the same reason. An alternate family trip in August is currently under investigation. We will post any updates as soon as plans are in place.

NEW PERMIT SUBMISSION

Date: **Sept. 15**

As George, myself, and friends Donna And Tom Wood set forth down the San Juan River, I had a feeling of coming full circle. For it was on this river run in 1993, that we first got to know Joe well, along with his two younger children Kimberley and Stevie.

We've often commented on how we wished we'd met Joe years earlier. He was such a diverse person, with many vocations and avocations. In his native New Jersey, he was everything from Lifeguard to salesman to firefighter and more. When his illness prompted him to move to Park City, he pitched himself into living the outdoor life with characteristic vigor.

So it was on the river that we met Joe. George and Joe sometimes confused people who didn't realize that their "insult contests" were a foil for a deep affection. Joe wanted to learn all he could about boating, and George had a great time being his mentor in that regard. In return, we had the wonderful experience of knowing a warm, generous person who often spiked those qualities with a sharp, bawdy sense of humor.

Over those too-short years we saw Joe go through several challenges—times when he was bald from chemotherapy, but still smiling through those wonderful eyes, and other times when he was a feisty and optimistic as ever, sporting that scruffy beard. What a fighter he was!

The San Juan of 1993 was a very special "family trip", from the eight or so kids covering themselves in mud, to their following George Pied-Piper style to the pools of Slickhorn, while Joe cooked pasta. I remember our last morning at Oljeto Wash; Joe and his kids were camped near us. The acoustics in that beautiful side canyon are very precise. I will never forget the raven cawing overhead and Joe mimicking the caw to the children in their tent. And the precious moment when Kimberley grumbled, "Daddy, Stevie's crowding me and you quit blowing in my ear!"

So, Joe, we toasted you on the San Juan with some really good Asti Spumante. When you told us you'd be pulling a few strokes for us, I'm sure you helped the day the wind picked up at Slickhorn!

We miss you greatly, Joe, we were privileged to know you. Ciao, friend.

I can say I knew Joe even though the hours I spent with him were few. He let me into his life with the same ease I saw him let others into his life....obviously a generous soul with genuine interest in anyone who cared. You can probably see how I think it is an important example of his character that I came to feel I knew him well regardless of the short time I really spent in his company. We ran rivers together, not in the same boat, but as companions discovering a few of the same waterways. On river campouts, besides being uplifting for his love of rivers and nature, Joe was just plain fun. He was clever and boisterous, and just reckless and mischievous enough to create a few stories with every trip. I often think of the time he flipped a loaded oar rig head on in a Class 4 rapid and came up smiling and laughing, or when he ran his wife, Donna's small oar rig to the very brink of a thrashing Warm Springs Rapid on the Yampa River. I remember fondly his penchant for joking comments and humorous pronouncements, like the time we had two vans stalled at the front of a Utah roadwork blockade and he walked up to the flagwoman from his parked van and factually stated that our driver (one of his best friends) was not to be trusted due to being an "escaped felon"! He was also an excellent cook. I can say without lying that the finest camping culinary experience of my life has been an evening on the Delores River where Joe produced Chicken Marsala, an Italian delight that all greatly enjoyed. Mostly, I just remember his plain zest for living, and the lesson it taught us to make the very best use out of our time, because all of life is precious, and tragically, it can be too short.

May his boat be worth, because he has left the narrow confines of the river to enter the expansive sea. I have the faith in him that he had in us.
