WMC LODGE AVAILABLE FOR RENTAL USE

The WMC lodge can be rented on a full
or half-day basis. Full day rate is \$250.
Contact Julie Mason at 278-2535 for
information.

A DISPLAY ABOUT THE WMC AT THE LODGE:

Frank Bernard is putting together a large (2'X8') photo display (under pexiglas) for permanent display at the lodge. A portion of it will be devoted to photos and articles about the original construction of the lodge, the kitchen, and the Goodro and porch additions, with the remainder for photos of reasonably current activities of the WMC members—hiking, climbing, skiing, snowshoeing, biking, rafting, canoeing, kayaking, socializing, conservation activities, yurts, etc. If you have a good photo you would like to submit or a brief, written comment about the construction and maintenance of the lodge, send them to me at:

Frank Bernard
417 Center Street
Salt Lake City, UT 84103
bernfp@aol.com.

Frank can use color or black and white photos of any size. I will attribute the photographer, if you desire, and preference will be given to those who can identify the date, place, and participants in the activity. Unused photos will be returned if you include a S.A.S.E. The purpose of this is to have available, at the lodge, something about the history of the building, the members of the WMC, and the kinds of activities we participate in. Many people who are not in the club use the building and have no information about the WMC and the lodge.

This ride is a loop with start and end at Trial Lake, just off the Mirror Lake highway. Contrary to popular legend, this is not the meanest, toughest, steepest trail you will ever bike. It does get a plus for more rocks and hike-a-bike than the average ride. Distance is 12 miles passing by 10 lakes and 2200' elevation gain to 10,700' max. Bring food, water, and appropriate gear for a longer high mountain ride. Call Steve Pritchett (523-9243) for more info, or meet at the south end of K-mart parking lot on Parley's way at 8:00 a.m.

SEP 3 - 4 SUN - MON**Mountain Bike: Deer Valley Rally**

The Utah state mountain bike championships! This is a not a Wasatch Mountain Club event; in fact it is an event sponsored by the Park City Cycling Club, but there will be a few "Wasatchers" up there racing. If you want to race and you haven't spotted a registration form at your favorite bike shop, call your "dual citizenship" contact (member of both the Wasatch Mountain Club and the Park City Cycling Club) Craig Williams at 1-435-615-0409. If you are not going to race, but want to experience the race atmosphere up close and personal, come up and help us put on the event: registration, feed stations, course monitors, etc.

SEP 5 TUE**Mountain Bike/Work Party: Park City**

This will be a trail building evening followed by a Mexican dinner at Vince DeSimone's (435-649-6805) home. Dinner is free but bring your own liquid refreshments. We will be extending the trail that we started last year on Quarry Mountain. Come and contribute to the extensive trail system in the Park City area that we have enjoyed riding all summer. Bring work gloves; tools will be provided. Meet at Vince's place at 6:00 p.m. (ok to come late) at 8 Mountain Top Drive. Turn left off Hwy. 224 onto Meadows Drive (just past the white barn on the right). Go to crest of hill and follow signs. Call Vince for more info.

SEP 7 THU**Mountain Bike: Mountain Dell (NTD)**

Mary Ann Losee (278-2423) will lead you along this mellow, single track in the vicinity of the Mountain Dell golf course. Distance is approximately 6 miles round trip. Call Mary Ann for meeting time and place.

SEP 2 - 20**Road Bike: Canada to Mexico Bike Tour Stage III**

The second stage last year of the WMC Canada to Mexico (Quiche to Taco) ride was a great success and we will continue this year with the last stage. This will start where we left off last summer near Alamosa, Colorado, and go through Chama, Taos, Santa Fe, Ruidoso, Alamogordo and end this year at El Paso, Texas, with a stop on the return trip at Carlsbad Caverns. Total mileage is around 660.

Previous participants will have priority, but there may be some space for new people. There will be a scouting trip in April. Watch future Ramblers for details of planning meetings and more information. Call Bob Wright (801-209-2392) or the Fishers (435-849-0183) for more information.

BOATING:**AUG 5 SAT****Boating: Pink Flamingo Party (XXXIV)**

Join Vera and Zig for their 4th annual outrageously pink yard party. In keeping with the fine tradition, we suggest you come dressed in pink with pink dyed hair and bring pink food. Pink clothing or flamboyant beach attire is REQUIRED at a minimum. Bring any party games you want. The yard is available to camp out if anyone wants to hang out overnight. Don't miss this great event and please don't be shy on your outfit. The more outrageous, the more it will fit in. We'll fire up the barbeque: BYOB, meat to grill, and a potluck dish. Party starts at 7:00 p.m. Go to 143 W. 100 N. in Bountiful. (Take either the 5th S. or the 4th N. exit off freeway, get on 200 W. and then go to 100 N.) Zig / Vera Sondelski 801-292-8332.

AUG 11 - 13 FRI - SUN**Boating: Teton Park Canoeing (I)**

We will leave Salt Lake early Friday morning, to be at the Moose Visitor Center (50 miles north of Jackson, Wyo.) for a 1 p.m. departure for lake canoeing on String, Leigh, or Jackson Lake depending on available backcountry camp sites. This route traverses spectacular alpine terrain, and is much less crowded than the Cottonwood Canyon trails. Call Frank at 533-9219 or e-mail to bernfp@aol.com.

AUG 6 SUN**DAY HIKE: LAKE BLANCHE (MOD 5.7)**

Meet Mike at 9:00 a.m. at Big Cottonwood Canyon Park & Ride.

AUG 6 SUN**DAY HIKE: LAKE KAMAS FROM THE PATH LAKE TRAILHEAD (NTD)**

Gary Myers (282-5834) will lead to Lake Kamas from the Path Lake trailhead on the north side of the Mirror Lake Hwy. This hike is about 2 miles one way with little elevation change. Meet at the southeast part of the K Mart parking lot on Parleys way at 9:00 a.m.

AUG 11-13 FRI-SUN

HIKING & CAMPING: IBAPAH PK. (MSD)

Susan Allen and Robert Meyers have planned another good one. This 12,087 foot peak is in the Deep Creek range of Nevada. The plan is to leave SLC on Friday afternoon, camp and rendezvous for a drive up Granite Creek. Four wheel drive vehicles will make for less walking on dusty roads. Granite creek is full of granite, home to many eagles & hawks. The trail to this lofty boulder covered summit (with a panorama of views) gains approximately 5200 feet. The group will return to the valley and camp in Granite Creek for the night. Options are available for Haystack Peak. For details and meeting place, register with Robert Myers at 485-9209 (work) or 466-3292 (home).

If you want to bring a canine friend, call ahead for approval.

AUG 13 SUN

DAY HIKE: BULLION DIVIDE (MSD)

Tom Walsh (969-5842) offers you the hiking version of interval training - Bullion Divide has 8 summits and 8 saddles. It starts by gaining the summit of Red Baldy and thence goes eastward doing all the peaks until terminating at the Albion Basin Campground. It goes about 8 miles and has about 4400' of elevation. No other hike offers you the convenience of a coin-op candy machines and tram (on the top of Hidden Peak). The down side is the depression you will experience at seeing the ugliness Snowbird hath wrought on this mountain. Be ready for a long day, scrambling, and exposure. Bring loads of food and water, your 10 E's, and sturdy hiking boots. Call to register or get more info.

AUG 13 SUN

DAY HIKE: BIG COTONWOOD LOOP (MOD)

AUG 13 SUN

DAY HIKE: AMERICAN FORK TWIN PEAKS (MSD 9.8)

Roger Lester (467-9401, MountaineerRog@delnet.com) will be tackling another major peak this Sunday in his series of Sunday afternoon hikes. He plans to meet at 11:30am at the Little Cottonwood Canyon Park and Ride to carpool up to the Snowbird parking lot. The A.F. twins are the highest summits in Salt Lake County and provide a great view of Mineral Fork, Mt. Timponogos and the Little Cottonwood ridge out to Lone Peak. Roger is considering an alternate route, depending on interest when the group forms. The classic route is a "walk-up" and the alternate would involve more scrambling. As with the earlier MSD Sunday afternoon hike, you'll work off your lunch. So, you'll want to bring some food to keep your strength up for the return. Roger thinks it will take 5 to 6 hours to make the round trip, making another full afternoon for those who want to avoid yard work on yet another Sunday.

AUG 13 SUN

DAY HIKE: MAYBIRD LAKES (4.7 MOD)

Barb Hanson (485-0132) will lead a group of up to 12 today into the Maybird Lakes area. Call Barb to register for this wilderness area excursion, and to get further details, including the meeting time. Barb plans to assemble at the Little Cottonwood Park & Ride.

WMC Desolation/Gray Canyon Trip May 25-30, 2000

The start was not the most encouraging---there was an inch or so of hail on the trailer as we pulled out of the boat shed on Thursday night bound for the put in at Sand Wash. Then there was a rainstorm as we were all in our tents later that evening. However, from then on, the weather was our friend.

This year's desolation canyon trip went forward as planned, despite long time organizer George Yurich's inability to attend. Nine intrepid river rats (Donna Kramer, Tom Wood, Rich Stone, Ward Wagstaff, Glenn McConkey, Dudley McIlhenney, Carol Ann Langford, and newcomers Joe Treadwell and Jake Huggard) had a truly great time floating down the Green (84 miles) on a trip that started at 6,000 and ended at an estimated 12,000 cfs.

We put a virtual flotilla on the river---Donna, Dudley and Carol Ann in two oar rigs, Tom and Glenn in kayaks, Joe and Jake in a paddle raft and Rich and Ward in their canoes. Watching the canoes maneuver their way through class three was an inspiration for us all!

With the water flow up and a full pardon from the wind gods, we made great time, allowing plenty of opportunity to explore along the way and from our campsites. The high point of excitement was looking up from lunch at Rock Creek and seeing an unmanned (unpersoned) raft going by. Rich saved the day by launching his canoe, catching the raft downstream and beaching it for the party who had neglected to tie it up properly. We attempted to claim it as river booty but to no avail. (Where are the lawyers when you need them?)

This was a trip of firsts---first outing of Jake and Joe with WMC, first organizing effort for Dudley, first descent in a canoe for Ward, and first time emptying the groover for all. Most of these firsts were truly enjoyable.

WMC Desolation/Gray Canyon Trip

**Trash Survey Hike****4 June 2000**

Utah climbers Dan Smith and Patrick Kenny did not have to climb Mt. Everest to find mountain trash dumps (25 June Salt Lake Tribune). Indeed our own Wasatch Front ski resorts provide ample evidence of mountain recreation area trashing. Year after year, careless resort customers and irresponsible resort operators add debris to our mountain dumping ground. The Wasatch-Cache Trash Abatement Committee has begun documenting this through trash survey hikes.

Mary Fleming, Will Waskes, and Chris Biltoft attended the latest trash survey hike at the Brighton Ski Resort on 4 June. We ascended to the top of the Majestic Lift, filling our bags with trash and picking up broken ski area signs, poles, etc. along the way. After noting the debris accumulating around the stark, white yurt just beyond Majestic Lift, we descended to the base of the Snake Creek lift and traversed 200 yards east to the Brighton Ski Area dump. Nestled within a row of trees lies a collection of unlicensed, derelict vehicles, cable reels, rusting pipe, and abandoned ski lift equipment. After documenting the dump, we hiked to the top of the Great Western Lift. Our group then walked down the eroding gash that serves as the Great Western access road, stopping for lunch at Snake Creek Pass. After lunch, we hauled as much of the debris as possible down the mountain and deposited it in a trash container. We plan to visit other resorts in the near future. Hopefully, there will eventually be enough public awareness of resort trash accumulation to stimulate corrective action by the Forest Service and resort operators.

Temple Granite Quarry Hike**27 May 2000**

The Temple Granite Quarry trail (a.k.a. Little Cottonwood Trail), starts at the original quarry site at the mouth of Little Cottonwood Canyon and goes up the bottom of the canyon, paralleling the creek all the way for about two miles, to a point just beyond an old water wheel and draw works, which is really interesting as water wheels have almost gone the way of the dinosaur.

With just enough steepness for the bottom of the canyon, this trail is quite enjoyable as it's fairly well shaded. There isn't even any carpool involved.

Children were allowed, but none came. Three hikers did show up and really enjoyed it. We just took our time and really enjoyed every minute of it. We also took the interpretive trail afterward and really enjoyed it as well.

Participants: Janet Friend, Paul Zukerman, and Randy Long.

Stansbury Island

3 June 2000

Barbara Green has long been known for her enthusiasm about all things relating to the desert, arches, bridges, San Rafael Swell, southern Utah areas, Indian art and artifacts, and hiking to any of the above simply adds to her overall enjoyment. So, when the notice for a local hike to see some petroglyphs nearly in our own back yard appeared in the Rambler. I signed on for the June 3rd trip to Stansbury Island.

Fourteen ladies and one, lone man gathered near Costco on 3rd West to carpool out past the Kennecott smelter, Great Salt Lake marina, and a salt making facility to access the privately owned area on which the ancient art was located. Barbara had spent quite a bit of time previously trying to get to the site without violating the no trespassing signs, but could find no way to do so. She went the extra mile in tracking down the current owners of the property to get permission for the Wasatch Mountain Club group to hike there.

It was more of a walk, actually; about two miles each way along dirt roads and a blue-green hued stagnant canal, through cheat grass and sagebrush, ceilinged with an incredibly blue sky with wispy clouds and a welcomed breeze to cool us some as the day turned very warm. Meadowlarks serenaded us with early summer song-trills. No, the notorious brine flies were not evident, although the breeze occasionally brought us the unmistakable Great Salt Lake perfume.

No one was quite sure how the rock art came to be. Fremont Indians from pre-Brigham and pioneer times? Teenage graffiti? Historical significance? Some of it was very faint, while other stick figures, circles resembling bulls eyes, more fleshed out humans, birds, sheep, deer or antelope, snakes, simple to quite intricate designs stood out clearly on the rusty-red rock faces.

At the top, the ridge where we found the first group of petroglyphs was a circle of stones approximately six feet in diameter. Barbara thinks the original rocks of the circle were nearly buried as on her first visit some years ago, just the

upper edges were visible. Visitors since that time have piled on other rocks so the circle is very distinct and approximately a foot high. Again, little is known of the significance, or of the builders.

Ah, the x-rated stuff was around the hill, according to the leader. This section of petroglyphs was more "knee level" than the other and scattered over a wide slope. Diligent searching failed; no one found the feature attraction(s). Barbara claims it is there and to a doubting Thomasina who thought maybe we just didn't know what to look for, she assured us there was no mistaking it! She offered a private screening of a video she had taken on the previous visit; has anyone taken her up on it?

Participants included: Rena Jensen, Kathleen Loring, Greg Lahr, Leslie Woods, Carol Anderson, Janice Schumann, Julie Jones, Yong Hui No, Tonya Smith, Suzanne Sensaas, Dottie Miles, Janet Friend, Mary Ann Losee, and Christine Allred (scribe pressed into service). All echoed thanks to Barbara Green for this unique viewing opportunity and her diligence in bringing it about.

HIKING COMMITTEE MEETING (EL)

7:00 p.m. at the WMC office 1390 South 1100 East

The final scheduling meeting of the season. We will be doing some advance planning for the 2001 season. Your attendance is required.

Special thanks to committee members Mark Jones (Tuesday hikes); Debi Bouchard and Mike Rocco (Wednesday hikes) and Knick Knickerbocker (Thursday hikes). These coordinators have done an excellent job in keeping the evening hike program on track this season. This issue of the Rambler lists the last of the "official" evening hikes. We will continue to schedule "Show & Go" evening hikes into October, but starting in September, the departure times for evening hikes will be 6:15 p.m. Sunsets are happening earlier, just as they do every year at this time. Special thanks are also due to Randy Long, who has coordinated the backpacking and car camping activities this year. E-mail communication has been useful, and many of the organizers for these activities have contacted the director via e-mail with their proposals. Randy's efforts have remained crucial, however, and he has devoted long hours to recruiting additional event organizers. Next year, we hope to entice a backpacking specialist/enthusiast to join our committee. Don't be bashful if you think that you might be that person. Our next committee meeting will be at 7:00 p.m. Tuesday, August 1, 2000 at the WMC office, 1390 South 1100 East. There will be cookies. This meeting will complete the scheduling of events for the 2000 hiking season, and will attempt some preliminary planning for next year. Every meeting this year has attracted new helpers, and their individual efforts have been invaluable. The August meeting may be the most important of the season, and we invite your participation. The assistance offered by members via e-mail this year has been phenomenal. Our e-mail listing contains a number of errors, and is obviously incomplete. A major effort will be made over the next few months to improve this resource. If you have not been receiving e-mail messages from the hiking committee, and would like to receive them, please send a message to dvt@diviti.com asking to be added. See you on the trail.

Lodge Director's Message:

We had a great work party last Saturday and were able to complete several projects. Thanks to Bob Cady, Earl Cook, Julie Mason, Camille Pierce, Steve Glaser, Alan Brennan, and his son. There is another open house/ work party scheduled for September ninth. We will be focusing on deep cleaning the lodge and clearing out all the dead wood around the lodge. I am looking for a power splitter to replenish our fire wood supply. If you come up to enjoy the start of fall at the lodge, please bring your chain saw and we will be set for big fires for all the winter parties. I gave out a couple of vouchers for a good days work and at the \$50 value they give you a great discount off the \$250 rental. Our rentals are very low for the next couple of months because of construction worries and it couldn't be nicer up at the lodge right now, so come on up and enjoy the coolest place in the Wasatch.

The construction on the restroom addition has not started yet. While waiting for permits and quotes we later found out the permits and quotes were waiting on us. In the meantime we had a meeting up at the lodge with the Forest Service appraisal team that will affect future lease payments on the land. Our lawyer from the Western Land Group was also present as part of his initial look of the land swap with the Forest Service. It is lucky that both these processes are happening right now because the appraisal done by the Forest Service will be used by the Western Land Group for the

land swap. Frank Bernard and I duly pointed out that the value of the land was limited by lack of dedicated road access, no water rights, the expense of the water and sewer trenching and piping, and lack of winter access. They were surprised that our club hiked up and down the hill in the winter and I explained that we are a mountain club!

All of our current permits are still waiting for final approval. All of these permits now have a committee member that is monitoring them so we can get them approved as soon as possible. We are reevaluating our milestone scheduling for the construction so we will not get stuck in the snow. We hope to present the bids from the general contractor to the Board at the next Board Meeting. The committee has already started negotiating with various sub contractors to obtain the best systems at the least expensive price. Hopefully we will be breaking ground this month and like making the first turns on a powder slope it will be very sweet after all the work of bringing this project to this point. The committee is still diligently looking for bureaucracy snakes below the surface but we are really grateful for the many members of the Board and the WMC who have expressed appreciation for our volunteer efforts to bring this project to completion.

Membership Director's Message:

How do you become a member of the Wasatch Mountain Club?

It occurred to me that many people have been picking up copies of the *Rambler* at REI or other sports stores (or even our office), but may not know the details of joining. In a nutshell, here's what you need to do. First, tear out the new member application form from the back of the *Rambler*. Take it with you on two WMC outings/activities and have the activity organizer sign off that you participated. (This is a prerequisite for joining the Club.) Then fill out the application carefully and then initial and sign the back page. We need to have signed release application forms on file.

If you would like the *Rambler* delivered on a trial basis to your residence while you are finding activities to participate in, send a \$5 check to the Wasatch Mountain Club, Membership Director, at 1390 South 1100 East, #103, SLC, UT 84105 and we'll mail the newsletter to you for two months. Or pick up copies at the locations described above. Or look us up on the web at www.xmission.com/~wmc. Thanks to our Webmaster Mike Dege for keeping us current online.

As you can see, it's not tough to join. The two activities give you a chance to sample the Club spirit and members and make an informed choice (as they say). Hope to see all you prospective members on our membership list soon..

Boating Director's Message:

ATTENTION, BOATERS:

I sent an e-mail concerning access to the Boat Shed on 7/12. If you did not receive this mail, you are not on my list for boating activity notification. Get your e-mail address to Bart 801-277-4093 bartbartholoma@netscape.net

ACCESS TO THE BOATING STORAGE SHED

Construction at I-15 and 45th South has affected access to the boat shed. The ONLY access to the boat shed is from 39th South and 3rd West! 3rd West has a cement barricade across the road by the McDonalds that is on the North West corner of 45th South & 3rd West. You cannot get to the shed on 45th South if you are West of I-15. You cannot get to the shed on 45th South if you are East of Main Street. You cannot get to the shed on 3rd West if you are South of 45th.

For parking cars at the Quality Inn, from the shed head North on 3rd West to 39th, West on 39th to 5th West, South on 5th West, 39th South was a very busy street. It is even busier now, plan your travel times accordingly. Three of four on/off ramps at I-15 and 45th are

closed. The only one open is east bound on 45th to Southbound I-15. All ramps at 53rd are open.
