PRESIDENTS MESSAGE

Gloria Watson

We would like to recognize Paul Zuckerman, and Alex Ranney for donating cool stuff for the lodge. Paul supplied and installed mirrors in the rest rooms. Alex gave us several pictures that had been hanging in his SLC home for many years, until he mucked it out and moved south. (If you've ever been to his home, you remember the stunning photos he took of great wilderness adventures with the club. We got em now! Look for them hanging on a wall in a WMC lodge near you!)) Thanks Guys!

Don't pretend you didn't read this. (I *know* you did. Mike the webmaster taught me how to record your cookies!. We know who you are and we know what you did last summer!) As time goes by, it seems to be getting harder and harder to find people willing to commit to lead activities for the club. You may have noticed an increase in the "show and go" kinds of activities? This is a direct result of the lack of volunteerism that has made this club so great for so long. Please!!! Contact any of the directors listed in the front of this edition, and offer to lead a hike or bike or boat or thing.

Also, I would like to express a huge thanks to Zig Sondelski for serving as Co-director for the boating program last year. Leading the boating program is a huge job, with big trips , and lots of heavy gear that needs cleaned and repaired. (Lori must be a nut for doing it this year!) Zig also has worked for years on the lodge "Capital Improvement" committee. Working to plan, fund, and execute the new water project. He is taking a much deserved rest with his wife and kids. (Zig, this is Vera, you may remember her.....?)

Also.... We are wondering about the **piano** in that big box up at the lodge. Does it ever get used? Was it donated to the club? (Would someone like it back?) If you have any info, please call me at 466-9016.

BOATING DIRECTORS MESSAGE

We need volunteer organizers!

Have you participated in 5 boating trips without organizing or co-organizing one? It is time to step up and share the joy of trip organizing! We do have an organizers manual and many people are willing to share their experience with prospective organizers.

We need people to volunteer their yards for bring your own meat and potluck BBQ's. We hope to practice land based river rescue while having a party. All that really fun stuff, throw ropes, z-drags, hypothermia treatment, well maybe not that! If you have access to a swimming pool then we can do some pool based rescue practice. If anyone is interested in organizing reservoir parties we can do the same stuff and play in little boats at the same time!

It is full on boating season! If you aren't on a trip, see if you can sign up for one. If the trips seem to be full, then **please** offer to lead a trip. We have room on the schedule for people to organize trips going to the Alpine Canyon section of the Snake, the Sevier, the Moab daily, Haggerman Bliss run of the Snake, the SF Boise, the Lower Salmon, the Green River Daily. These are all non permit rivers and any boater can organize a trip on them! July or August would be a great time to schedule any of these trips! Anyone up for a show and go ducky trip on the Weber? **PLEEEEEASE!** You will have the love, respect and admiration of all the WMC boaters. Really, Honest, it's true, ask anybody . . .

We need an experienced canoeist to be canoe coordinator. We know you are out there!

Lori Major
Boating Director

If you want to find out about trips not listed in the Rambler, please sign up for the boaters e-mail list at <http://groups.yahoo.com/group/wmcboaters/> We list both WMC sanctioned trips and non WMC private trips organized by club members. This e-mail is for information only, a listing on it in no way implies Wasatch Mountain Club sponsorship of any given boating trip.

In Memoriam

Gene Jarvis, past WMC Boating Director, died March 6, 2002. A skilled and stylish oarsman, he could dance an overloaded 18' rig along the most exciting line in most any rapid. Gene ran rivers on three continents but his favorite was always "the next one."

Conservation Notes

April 2002

Will McCarvill

Comments were written on the BLM vegetation EIS. This EIS addresses the spread of non-native and noxious plants on public lands. The point was made that the root causes need to be addressed rather than focusing on eradication. Alternative 1 was supported for the NPS Yellowstone/Grand Teton proposal to eliminate snowmobiles from the parks to the original schedule. Motorized recreation is incompatible with the fundamental reason the parks were established. A letter was written in favor of voluntary grazing allotment retirement in the GSENM. Comments were also submitted not supporting a rule change proposed by the BLM. This rule change would have made it easy for states to get clear title to RS 2477 road claims without going through a public process.

Since its inception, the Wasatch Mountain Club has been the principal proponent of maintaining historic Wasatch hiking trails. To aid in this effort, Chris Biltoff has crafted a simple trail survey form for evaluating hiking trail condition. This survey form will be on the back of the sign up sheet sent to hike coordinators. We plan to use your input on this form to plan trail maintenance activities scheduled for July 13/14 and August 10/11. Please take a few moments during the hike to indicate trail maintenance needs on this form and send it to the Club office with the sign up sheet. Anyone wanting to do more trail survey work can obtain additional forms by contacting Chris Biltoff at marychris@sisna.com. Thank you for helping to maintain the Wasatch hiking trails.

Chris is also coordinating WMC efforts supporting National Trail Day, June 1. The work area will be on the Bonneville Shoreline Trail near Bell's Canyon. We will be working with the Forest Service and REI. This should be a fun event, but be prepared to put in some sweat equity. Call Chris at 364-5729 for more details.

Don't forget the San Rafael BLM service trip May 4-5 and the Deep Creek inventory backpacks in April and May. Call Will for details, 942-2921.

Keep in mind that conservation is just not for the Conservation Director, all WMC members should be willing to preserve our outdoor heritage.

Message from the Climbing Director

This is looking to be a great year for climbing with the Wasatch Mountain Club. At the planning party many people stepped forward to lead climbs throughout the summer. We've got lots of weekend climbs planned to supplement the Thursday night climbs.

The Thursday night climbs are a great way to hone your skills and possibly meet potential climbing partners, so don't hesitate to join us because your skills are not yet at the "rock star" level.

If you are real rusty or brand new to climbing and want to learn the basics, the Introduction to Rock Climbing on June 1 is a great avenue for starting out and picking up some basic knowledge and skills.

The party we've got planned on June 29 at Storm Mountain is a chance to get in some climbing, some practice on things we don't do very often as part of regular climbs, and to have a good time while meeting the other climbers. Plan on joining us.

Climbing may be something we do to get away from the hassles of civilization but there are a couple of high tech things you can do that will make this a better climbing season for you. (1) Follow the Wasatch Mountain Club Mountaineering web site which is linked on the WMC website (via climbing). Changes to the climbing schedule which do not make the Rambler, late breaking new climbs, and the climbing schedule projected further into the future than is published in the Rambler will be on this website. (2) If you're not already on the climbing Email list, join it now. This is where last minute changes to the schedule, or short notice climbing plans show up. Don't miss a fun climb or show up for one that has been rescheduled because you didn't have the latest information. Follow the instructions on the link on the WMC website and join the list.

Call me @ 201-0813 or email me @ craigh@marksteel.net if you've got questions or comments.
Craig Homer

MESSAGE FROM THE HIKING DIRECTOR

Three warm memories of a March hike on Stansbury Island: a storm that mysteriously split and flowed around our ridgetop lunch spot, sprinkling us with a few flakes of snow and then revealing the sun; a layer of limestone, blue-gray but loaded with pinkish fossils, showing us branches of bryozoans, spirals of cephalopods, curves of corals, burrs of brachiopods; and some wonderful company with whom to enjoy the experience. Isn't spring grand? And it sure is swell to share the spring with the WMC...

I hope that the May schedule is pleasing. By the time you read this, however, we're already finalizing the June schedule and laying plans for July! Our needs for hike organizers are never-ending, and that means that we need YOU to volunteer! Please help out our callers and volunteer to organize a hike or out-of-town trip for the Club. You can be proactive and call me or send me e-mail directly (274-1288 or donn@xmission.com). And you can really help by coming to our committee meetings and helping us to reach volunteers by phone. The hiking committee meeting on May 28th will be planning events for the July Rambler -- that's mid-July to mid-August, the prime part of the summer. Drop on by the office at 1390 S. 1100 East at 7 PM and find out how you can help.

Here's a big thanks to all the volunteers who stepped up to organize hikes for the May Rambler. We literally can't do it without you!

NEW WMC HISTORY BOOK!!!

ONWARD and UPWARD, by Michael Treshow and Jean Frances

A true labor of love, Mike and Jean have created a masterpiece of local history that every WMC member will want to add to their nightstand collection. From the early days of the 20s and 30s when hikers still yodeled, to the thrilling account of my climb on Mount Owens (see page 134!) this fantastic book chronicles the organization of the club, the early members and escapades (remember the old WMC bus?), the quirks, and strength of character that established the WMC as we know and love it today. **EARLY BIRD SPECIAL, ONLY \$10**, hurry before the price goes up to \$15 this Fall!, contact Gloria Watson (466-9016)

Another Book!! "The Lady in the Ore Bucket" by Charlie Keller (longtime WMC member!!)

The place names, physical traces, and artifacts remaining in the 3 Wasatch canyons tantalize with what they suggest, but do not tell, about the history of settlement and development in the canyons. Charles Keller has extracted a wealth of information to create *The Lady in the Ore Bucket*, a fascinating history of the lumber, mining, and hydropower industries built from the rich natural resources of the canyons. The book is alive with details concerning the personalities, politics, pacts, and peregrinations of local leaders from the white settlement in 1847 through the early 1900s, and will delight any reader with an interest in the magnificent canyons that open onto the Wasatch Front. Available in hardcover from bookstores everywhere!

This is a view master with the incredible north face of Mt. Timpanogos on one side and the rarely seen aspect of the Little Cottonwood Divide on the other. The trail is dry with southwest exposure to the sun. Snowfields may linger. Bring plenty of water and the 10 E's. Dogs are allowed, but call ahead for information on trail conditions.

JUN 22 SAT DAY HIKE: WILDCAT RIDGE (EXT). This is it, my hardies. One of the toughest, longest, scramblyest, rattlesnakeyest hikes in the Wasatch. And people come back year after year. This ridge run is done only once each year, on the longest weekend of the year to take advantage of every second of daylight. At dawn you begin hiking from the Mount Olympus trailhead, summit Olympus, scramble the killer ridge east to Triangle Peak, then continue to the summit of Mt. Raymond and down Porter Fork. You will need to carry lots of water and enough food to go hard all day. The leader guarantees that you will encounter at least one rattlesnake, and get to dangle from many rocks without a belay. An early start and car shuttle are required. Call or email Walt Haas (534-1262, haas@xmission.com) to register. If you haven't done Wildcat Ridge before, be prepared to tell Walt what you do to stay in shape, and how well you handle exposed rock scrambling and rattlesnake encounters.

JUN 22 SAT FAMILY DAY HIKE: STEWARTS FALLS ON MOUNT TIMPANOGOS (NTD). Randy Long (943-0244) asks you to meet him at the Draper Park and Ride lot at 10 AM. Bring money for the canyon access fee, plus food, water and rain gear. This is a very large and spectacular waterfall near the south end of Mount Timpanogos that approaches the proportions of more famous waterfalls in Yellowstone or Yosemite National Parks (Randy says modestly). The hike is comparable in difficulty to Salt Lake Overlook. Limit: 13.

JUN 23 SUN DAY HIKE: SUNRISE PEAK (EXT). Brad Yates (521-4185, bnyslc@earthlink.net) will ascend this peak on the skyline between the Big Cottonwood Twin Peaks and Dromedary Peak. You will need an ice axe and experience using it. This hike involves exposure with Class 4 scrambling and climbing. Call or e-mail Brad to register and get more details.

JUN 24 MON ROAD BIKE: PARK CITY AND SUMMIT COUNTY AREA (MOD+). Leave the city heat behind, and enjoy cooler summer temps at higher altitudes. Join Ralph and Donna Fisher and some of the folks from the BBTC (Bonneville Bicycle Touring Club) on a road bike tour somewhere in the Summit County area every Monday and Friday. For meeting locations and times, contact donnafisher@worldnet.att.net (cyberspace preferred), and get on their e-mail list. JUN 27 THU CLIMBING: SALT SLIPS. Some great 5.6 to 5.8 routes (bolted) for beginner leaders, plus some creekside overhanging 5.10's guaranteed to pump out your arms. Meet at the first or second pull out on the left side of the road after the big curve to the left at the "Storm Mountain" on the right side of the road. If you go past Narcolepsy wall and the Storm Mountain Picnic area you have gone too far! Meet at 6:00 PM. Call Chris Dalby (243-0753) or Email (mountaineer37@hotmail.com) if you have questions. **HELMETS ARE RECOMMENDED** (post-climb Garlic Burgers at the Cotton Bottom are also recommended). Rating: Routes from 5.8 and up, moderate to advanced climbing

JUN 28 - 29 FRI-SAT FAMILY CAR CAMP: RAFT RIVER MOUNTAINS. Randy Long (943-0244) says that this is a very lovely small mountain range, all complete with dense forest, tumbling creeks, far flung views and so forth, as well as an equally nice campground even named Clear Creek, yet surrounded by bleak, featureless desert, way out in northwestern Utah. The trails start at the campground, and are well maintained, and easy. Randy must return home late Saturday night, ending the club activity then, but anyone else is more than welcome to stay longer on their own. Please register with Randy.
